

Davide Sacco

Davide Sacco studirao je glasovir na Učilištu *Giuseppe Verdi* u Ravenni, no u dobi od šesnaest godina okupio je nekoliko *hardcore-punk* bendova, u ulozi pjevača-frontmena. Usporedo sa studijem održavao je koncerte i producirao albume koje su objavile manje nezavisne diskografske kuće te je nastavio s „tajnim“ turnejama po Italiji i Europi. Trenutačno sklada koristeći sekvencer i sintetizator, a nastavlja sa svojim istraživanjem kompjutorske glazbe. Stvara autorsku glazbu i oblikuje zvuk za predstave Teatra delle Albe, a s druženom Fanny & Alexander surađuje glumeci u njihovim izvedbama. Ponekad radi i kao DJ, a zaokupljen je vlastitim glazbenim projektima.

Davide Sacco studied piano at the Giuseppe Verdi Institute in Ravenna, but at the age of 16 he dedicated himself to hardcore-punk bands, taking on the role of singer-frontman. In parallel with his studies, he played concerts and produced albums distributed by small independent labels and went on „underground“ tours in Italy and Europe. He currently composes music using sequencers and synthesizers, and he keeps on deepening his research on computer music. He creates the original music and sound design for the Teatro delle Albe's shows and works as an actor for Fanny & Alexander. Sacco sometimes works as a DJ and keeps busy with his own musical projects.
